

Vision Statement

“Transforming Lives, Revitalising Neighbourhoods”

Values at Irvine Housing Association

The Vision is the point of it all. We are here to transform lives and revitalise neighbourhoods.

Our Values are what we stand for. They are what we mean to our customers, to our communities and to each other.

They are the beliefs and behaviours that enable us to turn our vision into a reality.

They keep us all pointing in the same direction.

Our Values are:

- “Focusing on customers”
- “Working together”
- “Respecting every individual”
- “Challenging the conventional”
- “Going for it and sticking with it”
- “Maximising value, minimising waste”
